

ATTENTION PARENTS WITH SCHOOL-AGE CHILDREN

Will your children have a different child care provider or need different hours of care when school starts this fall?

If there will be a change in your child care needs:

- **Call your Working Connections Child Care (WCCC) worker now. Let them know about the change so your WCCC authorization will be updated when school starts.**

Your WCCC worker will need the following information:

- **First day your child will attend school**
- **Date new child care will begin**
- **New hours of child care**
- **If your provider will stay the same or if they will change**
